

-let us deliver to your home a Buck's stove on approval

a white enameled oven which insures clean, wholesome food

—good health is largely dependent upon clean food
 —clean food cannot be prepared in a dirty oven.
 —a sanitary oven is even a greater necessity than a sanitary refrigerator—for during the process of baking, chemical changes render contamination doubly easy.
 —why take great care in the preparation of a fine cake, for instance—then bake it in an oven, the seams and joints of which are filled with contaminating filth?
 —Buck's white enamel is not a paint—but a white glass enamel—burned into the pores of the iron—and is practically everlasting.
 —Buck's ovens are absolutely clean—a reason why you should own one.

—here is the greatest stove offer ever made to the buying public of this city. —through special arrangements with the Buck's Stove and Range Company we are enabled to deliver to any home in the city or vicinity, a Buck's range, cook stove, hard coal or hot blast heater for a thorough approval test.

—if the stove does not perform all of its functions properly—does not do all that we say it will do, we will cheerfully remove it and refund any payment that may have been made on the same.

—and we will give you our written guarantee that we will do just as we say we will do.

—this once-in-a-lifetime-offer is based on our faith in these wonderful stoves—you cannot afford to miss it.

—take advantage of it today, as the offer stands good but for a short time.

this duplex grate will reduce your fuel expenses

—the first cost of a Buck's range is but a small part of the final cost—the range is so long-lived that it eats up many times its original price in fuel.
 —a very small saving of fuel each day, means a tremendous saving during the lifetime of the stove—a saving of many times the original cost.
 —this duplex grate saves fuel—for it admits oxygen to the burning fuel in such quantities that all its heating power is exhausted and used.
 —and further—this grate may be changed—in an instant—so as to burn either wood or coal—and it may be easily removed for cleaning or repairs—and without disturbing the water back.
 —this is just one of many reasons why you should own a Buck's.

—one dollar a week pays for any Buck's stove or range selected from our stock—and sent to your home for free and thorough test.

—the most liberal credit and the most courteous treatment extended to all.

W. D. BARKSDALE.

—everything for the Farm—Harrows, Plows, Collars, Grain Drills, etc. —at right prices.
